FEATURED PROUCTS

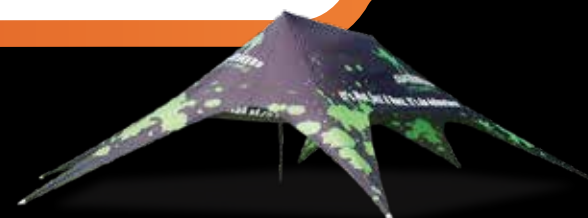

VENDOR TENTS & TABLE COVERS

SELFPROMOUS.COM

Ideal for races, trade shows, special events, festivals, sporting events, and generating brand/product awareness, our vendor tents are the perfect choice. They come in four different sizes, offering custom printing on all four peaks and valances to ensure maximum exposure and visibility. We utilize only top-quality materials, supported by a 10-year manufacturer's defect warranty.

Our vendor tents include your desired artwork on the canopy, frame, ground pegs, and a lightweight dust bag, or you can opt for an additional cost to have a roll bag. Engineered for superior performance, our vendor tents are crafted using the finest materials available in the market. The canopies are constructed from a reinforced polyester blend with a 600 denier rating, making them water-resistant, fire-retardant, and UV-protected. The powder-coated lightweight aluminum frame offers exceptional flexibility and convenience. These portable canopies can be easily transported to any location where sun protection is needed.

INFLATABLE ARCHES & TUNNELS

Cold air balloons are among the most renowned and ancient forms of inflatable advertising. Even today, they remain incredibly effective in capturing attention. Numerous companies situated along highways and in strip malls make use of these colossal products, reaping the benefits on a daily basis.

Our cold air balloons can be tailor-made to perfectly suit your company's requirements. We offer a wide range of material colors and choices, allowing us to construct them in a way that complements your logo, slogan, or mascot. Your company is guaranteed to receive the recognition it truly deserves.

CUSTOM HELIUM PRODUCTS

Custom "inflatable" costumes are fantastic for advertising and attracting attention. Detailed replicas of mascot characters are a great way to greet and entertain clients as they visit sporting events, grand openings, trade shows, and special promotions for all types.

FLAGS & ROLL UP BANNERS

Flying and promo banners are a great way to advertise your event. Whether you are on the go or just want a simple/easy product to work with at your retail location. Are flying in promo banners are digitally and printed using one of the best methods of imprinting available, dye sublimation. This amazing process helps protect against fading and distortion overtime, which is ideal when working with fabrics.

POINT OF SALES

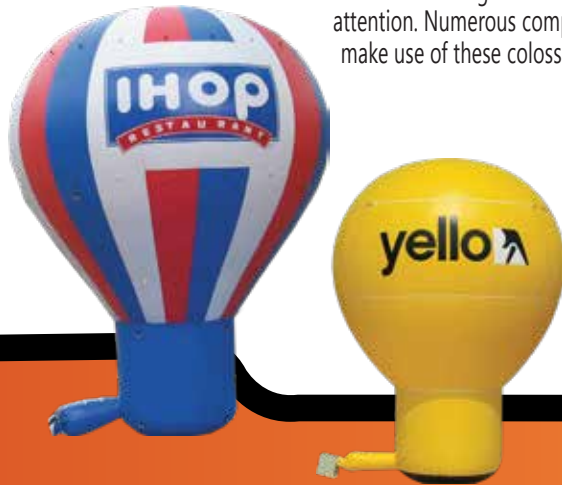

Perfect for trade shows/special events, giveaways, motion, picture, premieres, and of course any point-of-sale promotion, our custom POP products are the absolute best in the industry. From the beginning to the end of the project we put into practice and extremely tight QC process to make sure your products are Unsurpassed appearance and performance.

IDEAL FOR CROWD CONTROL

Grand Openings - Sporting Events - Festivals - Parades - Live Concerts

OUR PROCESS

STEP 1 SUBMIT YOUR CONCEPT

The simplicity of a line drawing suffices, yet the quality of the image/drawing greatly facilitates the work of our designers. To ensure high resolution and print, it is necessary to submit vector artwork for your product, along with all PMS color references for airbrushing and material matching.

STEP 2 CREATION

After receiving your concept, our designers will transform it into a three-dimensional rendering, showcasing the appearance of your custom inflatable advertising product. During this process, any feedback or required modifications from the client will be collected and addressed by our designers.

STEP 3 PRODUCTION / COMPLETION

Once the client approves the 3D rendering, our production team will proceed with the manufacturing phase of your product. As the product begins to take shape, we will share digital images for additional approvals regarding shape, colors, and other details. Upon finishing the product, we will send more detailed images for the final client approval before shipping the product.

STEP 4 SHIPPING AND HANDLING

As part of the manufacturing process, we kindly ask for a shipping manifest to ensure the prompt and cost-effective delivery of your shipment, reaching your promotion/event within the desired timeframe.
